

After School Winter Sports Spectators

BCMS students are always welcome to be spectators at home sporting events when accompanied by a parent or guardian. Basketball games are unique events that involve three BCMS teams (basketball team, dance team, and cheer team) and therefore are attended by many people. We are fortunate to have staff on duty to monitor these large events. BCMS students are allowed to attend basketball games without parent supervision because we have staff members to supervise them. Any student who wishes to stay after to school to be a spectator must submit a note to the office that gives the child permission to attend any or all basketball games. Notes must be submitted to 1st period teachers.

This year, there are two home wrestling matches on the same days as basketball games. Since we have staff on duty, students can also stay after to watch these two wrestling matches without parent supervision. Again, they must submit a note to the office.

Two staff members are on “crowd control” and will supervise students before and during the game. Here is how it works:

- After dismissal students report to the hallway outside of the main gym and check in with Mr. Simko or Mr. Gottshalk.
- Students without parent permission are not permitted to stay.
- Students are supervised in hallway and gymnasium areas during the game.
- Games usually end by 5:15. Parents should plan on picking up their child no later than 5:15PM. At the end of the game students are dismissed out of the side doors (by big gym) and are responsible for knowing who they are getting a ride home with.
- If their ride is not there, they should immediately report back to Mr. Simko or Mr. Gotshalk for assistance.

We hope to see lots of BCMS students supporting our Basketball, Cheerleaders, Dance wrestling teams!
